

Gerry
 **Nolan** 
no party affiliation ("NPA")

U.S. House
of Representatives
FL's 6th

John G. "Gerry" Nolan qualified write-in candidate for FL 6th Congressional District. Authorized and paid for by the Campaign Account of John Gerard Nolan.

Monday, June 1, 2020

Mr. Roberts:

Good day...

What should we call the five Americans that have qualified as candidates to serve the 780,000 citizens of Florida's 6th Congressional District in the 117th United States House of Representatives? I'm confident Thomas Jefferson (third President of the U.S.) would comment – "a great start for Our Country".

Corresponding with you, and all the members of the Volusia Bar Association, because I'm offering my proven leadership to the freedom loving citizens of Florida's 6th Congressional District. Five candidates qualified the week of April 24, 2020, with the State of Florida's Department of State Division of Elections when we filed our "Candidate Oath – Federal Office" and as well as Statement of Candidacy (FORM 2) and Statement of Organization (FORM 1) with the Federal Elections Commission (FEC). Please note the FEC rules oversee such things as federal campaign advertising, and federal campaign finance, not Florida Statute 106. These five American's including myself (the only one who is stands with no party affiliation "NPA" and as a write-in candidate) seek to win election and serve in the 117th U.S. Congress. This federal race will be second below only the Office of the President on the first page of your general election ballot on November 3rd. Two Democratic Party nominees (Thripp and Curtis) who love this Country, as well as their family and friends, will face-off in a primary on August 18th with one advancing to the general election ballot on November 3rd. Incumbent Michael Waltz-R will appear on the general election ballot November 3rd after being unopposed and requiring no primary, and Alan Grayson (also a write-in but still registered Democrat) is qualified in this race, and like me, can receive write-in votes on the general election ballot of November 3rd. Not one of us is any less/more American, Floridian or Volusian.

Write-in no party affiliate ("NPA") candidates succeed in the U.S.A. when the people say they want to elect someone from the "center" - not a Republican and not a Democrat. Today the people want unity and my centrist candidacy offers a solution for gridlock in Washington D.C. that puts "the people" ahead of any political Party. Asking the people of the Florida's 6th Congressional District for their trust by articulating clear positions on the major issues appealing to the vast majority. Attempting to beat political opponents

with a stick doesn't work when you live next door to them, with children that play together around places of worship that are built on "Community". Voting for Gerry Nolan is a rare viable alternative if you want someone that can knowledgeably champion, and negotiate, for the infrastructure expenditures and social needs of Florida's 6th District. I believe unequivocally in a woman's right to choose. And, as a Licensed State of Florida Medical Marijuana patient, and lifetime believer in its benefits, will support federal legalization and taxation with proceeds allocated to some specifically-agreed to-be-determined public good. Honest and straight forward with vast business experience. Comfortable in a corporate boardroom as I am with a shovel in my hand, I bring 35 years of experience in the district living, working, and playing. I've distributed Final K-1 liquidating distributions to limited partners in million dollar capital stacks of debt and equity, and I've served as a pro se litigant when justice requires. For the last decade, my residence has been a modest studio apartment in downtown DeLand blocks from the Old Historic Courthouse, Volusia Administrative Center and DeLand City Hall. The incumbent Mr. Waltz has raised over \$2,000,000 most of which has come from special interests outside the area. In fact, less than 10% of all his contributors reside in the district. The incumbent Mr. Waltz currently lives outside the 6th District in a million dollar home. Another candidate lives over 50 miles outside the district in another million dollar home in Windermere (just south of Orlando). Unacceptable. "We" the residents of the 6th District deserve better and I want to help with a reputation for speaking truth to power.

Thanks for listening. Thomas Jefferson would have seen the COVID-19 emergency as an American opportunity to reset how we can best care for the lives, and liberty, of the elderly. Discussion in the public square will save us, and yes, Thomas Jefferson today would have a Facebook and Twitter account, not to mention his own "domain name". My home page offers such items as my "Affidavit for Use of Nickname on Ballot" which was accepted by the Florida Division of Election and in 21 pages summarizes three decades of "Gerry Nolan" in northeast central Florida. DONORBOX... Thomas Jefferson might have designed it if he were with us today. For the record, I'm in favor of allowing all citizens of the United States of America, the ability to vote by U.S. Mail (including last minute write-in ballots downloaded from a computer) no different than the active members of our military. Let's find a way to use the Voter Registration and Absentee Ballot Request - Federal Post Card Application (FPCA) and the Federal Write-In Absentee Ballot (FWAB) so that the most vulnerable of all American's can cast their vote without fear of mortally compromising their health. If the U.S. Mail has been good enough for the men and women of the Uniformed Services, and has handled taxes and stimulus checks with Trump's name printed on the front, then there is no reason the U.S. Mail is unable to handle our printed ballots.

Feel at ease forwarding my email to your friends and family. I want to earn the vote based on trusting me, not my position on any single issue. Therefore, I only need your vote once, as write-on November 3, 2020!

In it to win it!

Gerry Nolan, Candidate

U.S. House of Representatives, FL 6th District
