Dear Mr. Adams:

Looking forward to sharing my 33 consecutive years as a Licensed Sales Associate in the State of Florida with you at your annual Daytona Beach Area Association of REALTORS' "Meet the Candidate Picnic" on June 25th as I seek your vote to serve Florida's 6th District in the United States House of Representatives.

No other candidate (there are five American's in this race) can offer the depth of understanding for our industry, and for the needs of the 770,000 people that live, work, and play, in our district. I'm a graduate of a local high school in Daytona Beach. I'm a graduate of a University located in the State of Florida. I've structured multi-million dollar capital stacks of debt/equity to assemble obsolete buildings into a contiguous green fields ready for redevelopment on the beachside. I've made final K-1 liquidating distributions to limited partners to take 100% ownership the assets of a real estate holding company. I've presented numerous street festival in the streets of our communities. I've provided nationally recognized sports competitions, and championships, during the peak years of spring break. I've help my friends build their homes and renovate. I've helped my friends operate their businesses from pool cleaning - to finding new silicon wafer manufacture techniques by traveling outside the area to access world class semiconductor facilities and researchers known me. Throughout it all my friends have helped me in my toughest challenges. All of these life experiences... over three decades in Florida's 6th Congressional District.

Some of my experiences were in Orlando (outside this congressional district). Former staff VP at both the Greater Orlando Chamber of Commerce and the Economic Development Commission of Mid-Florida (now merged into "the Partnership"). For 5+ years while at the Chamber, handled the marketing and promotion for one of the top Community Building professional development programs in the U.S.A. – Leadership Orlando. Delivered "the magic" running a rental marina at The Walt Disney World Co.'s Yacht & Beach Club Resort and captained exclusive fireworks cruises to see the fireworks at EPCOT and the Magic Kingdom.

Next to your selection for President of the United States of American on November 3, 2020, no other vote will be as important. Offer my write-in no party affiliation ("NPA") candidacy as a solution to gridlock you despise in Washington, D.C. Vote "Gerry Nolan"

is a vote for the U.S. A. over the partisan party bickering we now have. Will represent the people. Your current representative, Mr. Michael Waltz (an American), currently lives comfortably outside the 6th District. In fact, there is another candidate (of the five) that lives over 50 miles outside our congressional district in Windermere (just south of Orlando). Unacceptable. "We" the residents of the 6th District deserve better and I want to help with a reputation for speaking truth to power and stepping into challenges we face.

The picture link immediately below are the three most important people in my life - my Mom (Peg), my Dad (Bill) and my Brother (Bill). Taken at the start of my Father's career before I was born (circa 1959) when every month he was placing the keys to homes in the hands of a another family with dreams. America.
